Aircraft Survivability Symposium
2017 Ndia The theme of the Aircraft
Survivability Symposium 2017 is
“combat operations and emerging
technologies.” The goal of this three-
day, classified Symposium is to
foster technical dialogue and
exchange of information on aircraft
survivability topics such as design,
operational experience, threats
current and future, reliability and
maintenance, and testing of aircraft
survivability technologies. Aircraft
Survivability Symposium
2017 symposium. NDIA would
appreciate your time in completing
the survey to help make our event
even more successful in the future.
