Neuroscience-based Nomenclature (NbN-2) terminology for psychotropic medications, as it reflects contemporary pharmacological knowledge, rather than arbitrary descriptors based on indications or chemical structure. European Archives of Psychiatry and Clinical Neuroscience ... Archives in Neurology & Neuroscience (ANN) is a globally accepted journal that aims to publish innovative scientific developments and high quality information in all kinds of neurosurgery research. Archives in Neurology & Neuroscience (ISSN: 2641-1911) Humans learn quickly which actions cause them harm. As social beings, we also need to learn to avoid actions that hurt others. It is currently unknown if humans are as good at learning to avoid others' harm

(prosocial learning) as they are at learning to avoid self-harm (self-relevant learning). Moreover, it remains unclear how the neural mechanisms of prosocial learning differ from those of ... When implicit prosociality trumps selfishness: the neural ... Within one week I already received the response from the editor. All processing steps were really fast so in terms of a speedy publication I can particularly recommend the journal Archives of Biotechnology and Biomedicine. The responsible contact person of the journal was always available, which gives a trustworthy impression to the author.
