Free shipping. About this item. Condition. Beha/Greenlee 2003 Cable Length Meter for sale online I have a 1986 manual which also shows the 3/4" tubes as a 23-3/4" length; however, I have also found on page 12 of this

particular manual that these tubes are to be adjusted to different lengths (18"-21") depending on whether you're using them on the DEs, director or reflector (Dimension "D"). 20" still seems pretty short and I wonder if someone, somewhere did some mods to your antenna.

We also inform the library when a book is "out of print" and propose an antiquarian ... A team of qualified staff provide an efficient and personal customer service.
