simile is a figure of speech that

compares two different things in an

interesting way. The object of a

simile is to spark an interesting

connection in a reader's or

listener's mind. A simile is one of the most common forms of figurative language. Examples of similes can be found just about anywhere from poems to song lyrics and even in everyday

conversations. Examples of Similes - Your Dictionary Metaphors and similes have a common theme running, whereby they compare two very different concepts, or concepts that are not connected in either way to each other. The difference is that metaphors do not keep the concepts at differing levels but merge them into one and thereby draw similarities—considering, in fact, that they are one.
