The extraordinary spread of psychoanalysis between 1920 and 1970 owed more to marketing than to therapeutic triumphs. By talking to patients about their childhood, analysts offered humanity and sympathy that had not been

available before. This made them popular when the ... The Agile Gene: How Nature Turns on Nurture - B&N Readouts Throughout The Agile Gene is the sense of wonder that should accompany such discovery. When explaining the biological basis of cultural taboos or examining the short-lived wonders of childhood linguistic development, Ridley breaks complex experimental data into a digestible narrative, but without diminishing that sense of complexity.
