Nih Formatting Guidelines Most style guides include format guidance for citations and all formats are acceptable. SciENCv, a tool to prepare biosketches for NIH and other agencies, uses a standard format used by the National Library of Medicine (see Citing Medicine). If your organization does not already have a standard, you may want to consider this one. Format Attachments | grants.nih.gov The format, peer review and administration of applications submitted with multiple PIs do have some significant differences from the traditional single-PI application. Therefore, it is essential to consider all aspects of the funding

mechanism before applying, regardless of the type of research proposal to be submitted. Write Your Application | grants.nih.gov NIH still recommends that you choose black or other high-contrast text colors since they print well and are legible to the largest audience. The second change shortens the list of NIH-recommended font faces to these four: Arial, Georgia, Helvetica, and Palatino Linotype. New Font Guidelines for January 25 Due Dates and Beyond ... 11-point font size or larger. No more than 15 characters per linear inch (including spaces) No more than 6 lines per vertical inch. We recommend but do not require the following font types: Arial, Georgia, Helvetica, and Palatino Linotype. Legibility is

key. “Are there guidelines for the font I use in my application ... To format paragraphs, include a blank line between paragraphs. To format bulleted lists, start each list item on a new line with a "list item" character, such as a hyphen (-) or an asterisk (*), followed by a space and then the item text. Follow the list with a blank line, to add a paragraph following the list. For example: First paragraph. Rules for Text Fields | grants.nih.gov Samples of Formatted References for Authors of Journal Articles. The International Committee of Medical Journal Editors (ICMJE) offers guidance to authors in its publication Recommendations for the Conduct, Reporting, Editing and Publication of Scholarly Work in Medical Journals (ICMJE

Recommendations), which was formerly the Uniform Requirements for Manuscripts. Samples of Formatted References for Authors of Journal ... Though how you organize your application is largely up to you, NIH does want you to follow these guidelines: Add bold headers or an outlining or numbering system—or both—that you use consistently throughout. Write Your Research Plan | NIH: National Institute of ... Biosketches are required in both competing applications and progress reports. Find instructions, blank format pages, and sample biosketches below.
