LibGen is a unique concept in the  
category of eBooks, as this Russia  
based website is actually a search  
engine that helps you download

books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

.
