Department of Surgery It involves more micro surgery
than ENT, since the eye itself is small. The only minor
procedure in ophthalmology would be foreign body
removal and chalazion removal. The reason not to do a
surgical intern year in Ophtho is because the surgeries
would not involve micro surgical techniques and would
be useless. why is ENT better than ophthalmology? |

It's easy to search Wikibooks by topic, and there are

separate sections for recipes and childrens' texbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.
