The most interesting angle to this story is how political logic and interests trumped economic rationality. Economists often assume that governments will choose to implement sound economic... Political logic versus economic logic - Foreign Policy The Political Logic of Economic Reform in China. By Susan L. Shirk. 399 pp, University of California Press, 1993.

Purchase. This superbly researched book will take its place alongside Harry Harding's *China's Second Revolution* as the definitive study of the politics of the economic reform process in China since 1978. *The Political Logic of Economic Reform in China* | Foreign ... Skilled politicians master this weird form of logic, but most economists find it baffling. And of course, it's political logic, not economic logic, that rules the policy roost. Trump's misguided... *Why Good Economics Make Bad Politics* | *The New Republic* With the development of liberal forms of government starting in the eighteenth century, he suggests that "security" and "political economy" became linked in a very particular way. This was because a new form of power emerged

“that has the population as its target, political economy as its major form of knowledge, and apparatuses of security as its essential technical instrument.” The Political Economic Logic of Liberal Exceptionalism ... Shirk's "political logic" consists of three parts: the formal political principles, actors, authorities and institutions; the informal personal connections and "unwritten rules"; and the operations of formal and informal parts respectively, as well as the interactions between them, that ultimately produce the political context and momentums of economic reform. Amazon.com: Customer reviews: The Political Logic of ... Political Economy to those tests and standards which were formerly considered the ultimate

criteria of economic doctrine, but which have been completely lost sight of in many modern publications. With a view to this, I have endeavored to ascertain and clearly to state the character of Political Economy, as this science appears to have been ... Character and Logical Method of Political Economy The careful explication of the unfolding reforms reveals economic policies that follow political rather than economic logic. Economic reform in China has proceeded but has been gradual, ad hoc, particularistic, and often inefficient because Deng Xiaoping needed and was able to create vested interests in reform and support for himself among ... The Political Logic of Economic Reform in China (review ... That is, until now: Their political-

economic equilibrium seems to have unraveled since the 2008 Global Financial Crisis; with citizens increasingly questioning the legitimacy of incumbent institutions, including the media and higher education, researchers fear liberal democracy itself is under threat (e.g., Albertus and Menaldo 2018; Levitsky ... Political Economy Forum at the University of Washington ... Political economy is “the science relating to the moral or psychological laws of the production and distribution of wealth.” \*12The laws of political economy, according to Mill, are laws of mind. "Some Problems of Logical Method in Political Economy ... INTRODUCTION 1. The Political Logic of Economic Reform 2. The Prereform Chinese Economy and the

Decision to Initiate Market Reforms PART 2. CHINESE POLITICAL INSTITUTIONS 3. Authority Relations: The Communist Party and the Government 4. Leadership Incentives:- Political Succession and Reciprocal Accountability 5. The Political Logic of Economic Reform in China [Volume 24 ... The theoretical breakthrough of political economy is to clarify that the market economy is a resource allocation model not unique to capitalism. The socialist market economy is the integration of the basic socialist system with the market economy. The logic of four decades of economic reform and major ... The challenge of separating geopolitics and geoeconomics into separate spheres is due to their interdependence: interactions

among nation-states as indivisible sovereign units exercising political power, and the predominance of neoclassical economics' "logic of commerce" that ostensibly separates market dynamics from political power.
