McGraw and Warren's Humor Research Lab (HuRL) has conducted several studies examining the exact criteria that cause us to perceive a comedic situation as benign or not. Along with the severity of the norm violation, a sense of psychological distance from the violation — by space, time, relationships, or imagination — is a key ingredient for turning an unpleasant situation into a humorous one, they posit. The Science of Humor Is No Laughing Matter - Association ... One theory of the psychology of humor that's been gaining a lot of traction is called benign violation theory, developed by Peter McGraw. The gist of this theory is that we find something funny when two conditions are met: it violates the way we think the world should

work, and it does so in a way that's not threatening. Psychology of Humor: What Makes Something Funny? | Social ...
