Variation And Change In Spoken Variation is a characteristic of language: there is more than one way of saying the same thing. Speakers may vary pronunciation, word choice, or morphology and syntax. But while the diversity of variation is great, there seem to be boundaries on variation – speakers do not generally make drastic alterations in sentence word order or use novel sounds that are completely foreign to the language being spoken. Linguistic variation does not equate with language ungrammaticality, but speakers ... Variation (linguistics) - Wikipedia This book focuses on aspects of variation and change in language use in spoken and written discourse on the basis of corpus analyses, providing new descriptive insights, and new methods of utilising small specialized corpora for the description of language variation and change.
